reach Breastfeeding in public and going back to work Problems to look out for with tried and tested solutions ...and much more Chantelle believes that every parent should feed their baby in whichever way they think is best, and it is her mission in life to make sure mums have as much information as possible when thinking about breastfeeding. Milk It is her way of doing just that, and is written with the support and know-how of a certified lactation consultant to make sure it is as useful and up-to-date as possible. In personal notes, Chantelle tells her own story of motherhood and breastfeeding, including the issues she experienced and how she ended up tandem feeding her twins after their premature births. Milk It shares other real mums' stories of breastfeeding, mental health and body image, so that you know whatever you choose and are going through, you are not alone. Milk It is everything you need to know about breastfeeding - from a mum who knows.

Childbirth can be an empowering and positive experience that you treasure for the rest of your life. Hypnobirthing teaches simple and gentle techniques that have a profound effect.

In Why Hypnobirthing Matters Katrina Berry dispels the common misunderstanding that hypnobirthing is a modern fad and explains how it can facilitate a calm and natural birth."

Oxytocin, or 'the hormone of health and life', is a hugely important substance for

pregnancy, birth and breastfeeding working in a woman's body and brain to make changes during pregnancy, optimise labour, increase milk production and support bonding. Research has shown that we can encourage the body's oxytocin system by supporting mothers wellbeing through birth practices and postnatal care. We also now know that oxytocin is present in everyone, of any age, directing a whole system of effects that have consequences for family life, including bonding, stress reduction and social interaction. In *Why Oxytocin Matters* Kerstin Uvnäs Moberg, a leading oxytocin researcher, shows how a better understanding of our biology can be immensely helpful for new parents and those who work to support families.

Have you been asked to attend the birth of a baby? Are you wondering what to expect? Learn the secrets to a POSITIVE birth experience! In this ultimate guide, doula, antenatal teacher and hypnobirthing instructor Sallyann Beresford reveals everything you need to know when preparing to attend the birth of a baby. She identifies key elements of the birth partner role that are not traditionally taught and presents the most up-to-date information, examining all the important issues related to giving birth in these modern times. Over the past 20 years, Sallyann has supported thousands of couples in achieving their dream birth, and she knows exactly what is required to help any woman through labour. Whether you are a spouse, relative, friend, doula or midwife, you'll benefit from the easy-to-follow information and tried- and-tested tools she shares. An excellent understanding of your role during the birth process leads to a positive experience for the pregnant
