Revolutionize the walkthrough to focus on the endgame of teaching: student learning. Authors Connie M. Moss and Susan M. Brookhart present the proven practice of formative walkthroughs that ask and answer questions that are specific to what the student is learning and doing. Learn the value of having the observer examine the lesson from the student's point of view and seek evidence of seven key learning components: * A worthwhile lesson * A learning

target * A performance of understanding * Look-fors, or success criteria * Formative feedback * Student self-assessment * Effective questioning Drawing upon their research and extensive work with K-12 teachers and administrators, Moss and Brookhart delve into the learning target theory of action that debuted in *Learning Targets: Helping Students Aim for Understanding in Today's Lesson* and show you how to develop a schoolwide collaborative culture that enhances the learning of teachers, administrators, coaches, and students. They present detailed examples of how formative walkthroughs work across grade levels and subject areas, and provide useful templates that administrators and coaches can use to get started now. Grounded in the beliefs that schools improve when educators improve and that the best evidence of improvement comes from what we see students doing to learn in every lesson, every day, *Formative Classroom Walkthroughs* offers a path to improvement that makes sense and makes a difference.

How will you be remembered? All men want one thing in life—to be remembered. Will you leave behind a good legacy or a bad legacy? By reading the stories of godly men from the Bible, working through the study questions, and taking up the legacy challenges at the end of each chapter, you'll be well on your way to living a life that lasts. Includes bonus workbook for use with small groups.

Part memoir, part love letter, part journey into metaphysics. I did not set out to live a metaphysical life. All I wanted was to lead a normal life. Because of all the unusual circumstances surrounding my childhood, I wanted normalcy more than anything. But sometime during my young life I began to have dreams and precognitions. These experiences changed my reality forever, gave me the courage to journey to my soul, and led me on a voyage through metaphysics in an attempt to understand my psychic life. This book records my journey, including life events, contemplations, psychic dreams and religious experiences. I lived part time with a Baptist family early in life, followed by years of Catholic school education from grade school through high school. Studying metaphysics in my twenties exposed me to Eastern philosophy. Ultimately, I was able to reconcile my psychic experiences and Eastern perspectives with my Catholic beliefs.

Legacy is the authors account of the trials he has encountered throughout his life and the lessons he has learned from them.

In a world where racism, violence, illness, and poverty can feel so overwhelming that we often close our eyes and our hearts to the suffering around us, we may not believe we have the power to change things. As Barbara Greenspan Shaiman shows us in *Live Your Legacy Now!*, this simply isn't so. This part memoir and part how-to guide provides the tools and strategies to help you create meaningful change in your own life as well as in the lives of others. The daughter of Holocaust survivors, Shaiman shares stories from her family history and over thirty years of her own life experience as a successful educator, business woman, and social entrepreneur to inspire and guide you to create a vision and plan for initiating a personal legacy. Shaiman details her effective ten-step approach by helping you: Identify your core values, interests, and skills Reflect on how you can use these assets to create meaningful projects that make a difference locally or globally Share these experiences with family, colleagues, and friends to create cultures of caring at home, at work, and in your community *Live Your Legacy Now!* provides a simple formula to help people of all ages and backgrounds live richer, more meaningful lives by creating projects for personal growth and social change.

Every manager wants to be remembered in a positive way. Many realize that all too soon they will leave their companies and positions. This book asks them to consider what legacy they will leave behind. Will those who take over be able to get things done and prosper? Or will they flounder? Does a manager rely on the force of his personality, or are the right performance systems and a culture of accountability in place to insure ongoing success? This book provides many visible and auditable systems that will create a culture of accountability and will challenge managers' thinking and ideas about how best to lead. It asks if they were to listen in on employees, would they use words like foresight, stewardship, honesty and integrity, trustworthy and genuine to describe the leadership style now in place? How to leave a positive legacy is made clear. Managers are urged to cultivate specific qualities as they put into place sustainable processes that will leave a legacy they be proud of.

Sheltered since birth at her Kentucky home, Rowena Ballantyne has heard only whispered rumors of her grandfather Silas's vast fortune and grand manor in Pennsylvania. When her father receives a rare letter summoning him to New Hope, Rowena makes the journey with him and quickly finds herself in a whole new world--filled with family members she's never met, dances she's never learned, and a new side to the father she thought she knew. As she struggles to fit in during their extended stay, she finds a friend in James Sackett, the most valued steamship pilot of the Ballantynes' shipping line. Even with his help, Rowena feels she may never be comfortable in high society. Will she go her own way . . . to her peril? With her signature attention to historical detail, Laura Frantz brings 1850s Pennsylvania alive with a tender story of loss, love, and loyalty. Fans will cheer for this final installment of the Ballantyne saga.
