Proverbs is preeminently a book for young people. The young person who gives heed to the sayings of Proverbs will become a successful helmsman, able to guide his own life and the lives of others in the right direction. In this book of wisdom you will find the key to a successful life. All the great relationships of life are discussed. The home, companions and friendships, thought life and Christian character are among the major subjects covered in this study. - Foreword.

High School Bible Curriculum

Welcome to Fountain of Life. This book is an assembled collection of simple Christianity-inspired writings I've done over the course of a year. Each writing is unique, offering advice and my found insight. This book is a relaxed, simple bunch of pages talking about lovely life lessons for you and me to both reflect upon. I want this book to inspire you to be positive!

No fewer than 223 verses in Proverbs appear two times (79 sets), three times (15 sets), or even four times (5 sets) in identical or slightly altered form—more than 24% of the book. Heim analyzes all of these, presenting them in delineated Hebrew lines and in English translation. Where appropriate, the translations are followed by textual notes that discuss uncertainties regarding the textual witnesses (textual criticism) and explore lexical, grammatical, and syntactical problems. Heim also analyzes the way the parallelism in each verse of a variant set has been constructed, presenting diagrams and tables with columns that highlight the corresponding similarities and differences among repeated verses. Key to this investigation is the search for links between the variants and their surrounding verses, such as repetitions of sound and sense. Heim shows that most variant repetitions result from skillful poetic creativity. Reconstruction of the editorial and creative poetic process highlights what poets did, how they did it, and why they did it. He develops criteria for determining the direction of borrowing between the verses and demonstrates that the phenomenon of variant repetition is an editorial concern that operates on the level of the book as a whole. He develops and refines a range of interpretive techniques and skills, arrives at fresh interpretations, and shows that ancient proverbial wisdom is relevant to modern societies. This study sheds new light on the nature of biblical poetry and on the methods and virtues best suited for its study. While specific to the book of Proverbs in the first instance, the findings in this study apply to poetry elsewhere. Three fundamental insights should inform future work on poetry: the creative combination of repetition with variation is the very essence of poetry; what has been written with imagination should be read with imagination; imaginative interpretation values the normal features of poetic expression and celebrates the truly unusual.

The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context. To bring the ancient messages of the Bible into today's world, each passage is treated in three sections: Original Meaning, Concise exegesis to help readers understand the original meaning of the biblical text in its historical, literary, and cultural context. Bridging Contexts. A bridge between the world of the Bible and the world of today, built by discerning what is timeless in the timely pages of the Bible. Contemporary Significance. This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages. The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved. This unique, award-winning commentary is the ideal resource for today's preachers, teachers, and serious students of the Bible, giving them the tools, ideas, and insights they need to communicate God's Word with the same powerful impact it had when it was first written.

A fruitful reading strategy that reveals expansive meaning in Proverbs Interpreters often characterize Proverbs 10:1–22:16 as a dead-end of cold, disengaged dogma closed off from the realities of the world. In Genre and Openness in Proverbs 10:1–22:16, Suzanna R. Millar takes a different view, arguing that the didactic proverbs in these chapters are not dull and dry but are filled with poetic complexities open to many possible interpretations and uses. By incorporating paremiology, the technical study of the proverb genre, Millar sheds light on important debates such as character development, kingship, the connection between act and consequence, and the acquisition of wisdom. Features A clarification of the genre of the sayings in light of modern genre theory A linguistic analysis of how openness is generated in biblical proverbs An examination of the didactic use of proverbs to train the hearer's mind
