Words from the achiever. “When I was in high school, there was a book by James MacGregor Burns, a wonderful historian, called *The Lion and the Fox*, about FDR. And it was about his personality, his character, his early years in Hyde Park, his polio experience. And I remember that so vividly as the first real, live history book that I love so much. And I later met him and have gotten to know him as a colleague, and he’s about 30 years older than I am, and I couldn’t wait to tell him ...

“A brilliant full-length portrait of Franklin Roosevelt the politician”—the first in an award-winning two-volume biography (*The Christian Science Monitor*). Franklin Delano Roosevelt was the longest serving president in United States history, reshaping the country during the crises of the Great Depression and World War II. But before his ascension to the presidency, FDR laid the groundwork for his unprecedented run with decades of canny political maneuvering and steady consolidation of power. In this remarkable New York Times–bestselling biography, Pulitzer Prize–winning historian James MacGregor Burns traces FDR’s rise and the peculiar blend of strength and cunning that made him such a uniquely transformative figure. Weaving together lively narrative and impressive scholarship, Burns reconstructs his youth and education at Groton and Harvard, his relationships with his cousins Theodore and Eleanor, his immersion in New York State politics, and his rise to national prominence, all the way through his first two terms as president, which saw the historic New Deal take hold and the drumbeats of World War II begin. Originally published in 1956, *The Lion and the Fox* was among the first studies of Roosevelt—and it remains a landmark record of his ambitions, talents, and flaws. Hailed by the New York Times as “a sensitive, shrewd, and challenging book” and by Newsweek as “a case study unmatched in American political writings,” Burns’s stunning achievement is the life story of a fascinating political figure.

A Pulitzer Prize–winning historian’s dramatic biography of Franklin Delano Roosevelt, US president during the Depression and WWII. Franklin Delano Roosevelt was the longest serving president in US history, reshaping the country during the crises of the Great Depression and World War II. James MacGregor Burns’s magisterial two-volume biography tells the complete life story of the fascinating political figure who instituted the New Deal. *Roosevelt: The Lion and the Fox (1882–1940)*: Before his ascension to the presidency, FDR laid the groundwork for his unprecedented run with decades of canny political maneuvering and steady consolidation of power. Hailed by the New York Times as “a

sensitive, shrewd, and challenging book” and by Newsweek as “a case study unmatched in American political writings,” *The Lion and the Fox* details Roosevelt’s youth and education, his rise to national prominence, all the way through his first two terms as president. *Roosevelt: The Soldier of Freedom* (1940–1945): The Pulitzer Prize and National Book Award–winning history of FDR’s final years examines the president’s skillful wartime leadership as well as his vision for postwar peace. Acclaimed by William Shirer as “the definitive book on Roosevelt in the war years,” and by bestselling author Barbara Tuchman as “engrossing, informative, endlessly readable,” *The Soldier of Freedom* is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges.

The “engrossing” Pulitzer Prize and National Book Award–winning history of FDR’s final years (Barbara Tuchman). The second entry in James Macgregor Burns’s definitive two-volume biography of Franklin Delano Roosevelt begins with the president’s precedent-breaking third term election in 1940, just as Americans were beginning to face the likelihood of war. Here, Burns examines Roosevelt’s skillful wartime leadership as well as his vision for post-war peace. Hailed by William Shirer as “the definitive book on Roosevelt in the war years,” and by bestselling author Barbara Tuchman as “engrossing, informative, endlessly readable,” *The Soldier of Freedom* is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges, sacrifices, heroism, and hardship.

The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson’s election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson’s presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama—the family, the women, and the inner circle of advisers— that shaped Jackson’s private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will— or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House—from Lincoln to Theodore Roosevelt to FDR to Truman—have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe—no matter what it took.

NATIONAL BESTSELLER - "A model presidential biography... Now, at last, we have a biography that is right for the man" - Jonathan Yardley, *The Washington Post Book World* One of today’s premier biographers has written a modern, comprehensive, indeed ultimate book on the epic life of Franklin Delano Roosevelt. In this superlative volume, Jean Edward Smith combines contemporary scholarship and a broad range of primary source material to provide an engrossing narrative of one of America’s

Read Book Roosevelt The Lion And Fox 1882 1940 James Macgregor Burns

greatest presidents. This is a portrait painted in broad strokes and fine details. We see how Roosevelt's restless energy, fierce intellect, personal magnetism, and ability to project effortless grace permitted him to master countless challenges throughout his life. Smith recounts FDR's battles with polio and physical disability, and how these experiences helped forge the resolve that FDR used to surmount the economic turmoil of the Great Depression and the wartime threat of totalitarianism. Here also is FDR's private life depicted with unprecedented candor and nuance, with close attention paid to the four women who molded his personality and helped to inform his worldview: His mother, Sara Delano Roosevelt, formidable yet ever supportive and tender; his wife, Eleanor, whose counsel and affection were instrumental to FDR's public and individual achievements; Lucy Mercer, the great romantic love of FDR's life; and Missy LeHand, FDR's longtime secretary, companion, and confidante, whose adoration of her boss was practically limitless. Smith also tackles head-on and in-depth the numerous failures and miscues of Roosevelt's public career, including his disastrous attempt to reconstruct the Judiciary; the shameful internment of Japanese-Americans; and Roosevelt's occasionally self-defeating Executive overreach. Additionally, Smith offers a sensitive and balanced assessment of Roosevelt's response to the Holocaust, noting its breakthroughs and shortcomings. Summing up Roosevelt's legacy, Jean Smith declares that FDR, more than any other individual, changed the relationship between the American people and their government. It was Roosevelt who revolutionized the art of campaigning and used the burgeoning mass media to garner public support and allay fears. But more important, Smith gives us the clearest picture yet of how this quintessential Knickerbocker aristocrat, a man who never had to depend on a paycheck, became the common man's president. The result is a powerful account that adds fresh perspectives and draws profound conclusions about a man whose story is widely known but far less well understood. Written for the general reader and scholars alike, FDR is a stunning biography in every way worthy of its subject.
