Economics During the Inter-War Years (1919-1938) During World War I, some 10 million Europeans were killed, about 7 million were permanently disabled, and 15 million seriously wounded, mostly young men of working age and middle class backgrounds. This loss, combined with the destruction of land and property, led to a European situation of grave pessimism and poverty for many.

There was an upsurge of industrial unrest despite government efforts to impose peace. In 1919 a six-week general strike paralyzed Winnipeg and sparked sympathetic strikes across Canada. The Winnipeg General Strike was eventually crushed by a federal government gripped by a hysterical fear of revolution. By 1921 the labour revolt had subsided, partly because of federal intervention and partly because of the onset of an economic downturn that brought increased unemployment and a virtual ...

Interwar France covers the political, economic, diplomatic, cultural and social history of France from 1919 to 1939. France suffered heavily during World War I in terms of lives lost, disabled veterans and ruined agricultural and industrial areas occupied by Germany as well as heavy borrowing from the United States, Britain, and the French people. However, postwar reconstruction was rapid, and the long history of political warfare along religious lines was finally ended. Parisian culture was wor
